

Subject: Geography

Year 7		
	Theme	Teaching
1	Fascinating places	UK: soil and rain
2	Fascinating places	UK: climates and graphs
3	Fascinating places	Tanzania: physical and human geography
4	Fascinating places	Tanzania: distribution of wealth
5	Fascinating places	Tanzania: tourism opportunities
6	Fascinating places	Vietnam: physical geography and the war
7	Fascinating places	Vietnam: tourism challenges
8	Fascinating places	Vietnam: flooding
9	Fascinating places	Bolivia: landlocked?
10	Fascinating places	Bolivia: gender inequality
11	Fascinating places	Bolivia: worlds largest mirror
12	Fascinating places	Australia: coral reefs
13	Fascinating places	Australia's changing climate
14	Fascinating places	Australia's wildfires
15	Fascinating places	France/Alps: perfect skiing conditions
16	Fascinating places	France/Alps: changing galciers
17	Fascinating places	France/Alps: does the Alps have a future in winter?
18	Catch-up week	Catch-up week
19	Geography of the UK	What is the real name of our country?

Year 7		
	Theme	Teaching
20	Geography of the UK	South Yorkshire in maps
21	Geography of the UK	Barnsley in Maps
22	Geography of the UK	Mountains and glaciers
23	Geography of the UK	Moutains and risks
24	Geography of the UK	Britan's national parks
25	Geography of the UK	Why is the UK's coastline not smooth?
26	Geography of the UK	The water cycle
27	Geography of the UK	Journey of a river
28	Geography of the UK	River estuarys
29	Geography of the UK	What is erosion?
30	Geography of the UK	Why do people live along coastlines?
31	Geography of the UK	Why is a village falling into the sea 1
32	Geography of the UK	Why is a village falling into the sea 2
33	Geography of the UK	Why is a village falling into the sea 3
34	Revision	Summative 2 revision
35	Catch-up week	Catch-up week
36	Catch-up week	Catch-up week
37	Catch-up week	Catch-up week
38	Becoming a sustainable geographer	
39	Beomcing a sustainable geographer	

Subject: Geography

Year 8		
	Theme	Teaching
1	Natural hazards	Introduction and the Earth's structure
2	Natural hazards	Plate boundaries
3	Natural hazards	Earthquakes: causes
4	Natural hazards	Earthquakes: effects
5	Natural hazards	Earthquakes: preparation
6	Natural hazards	Earthquakes: Tsunami's
7	Natural hazards	Volcanoes: formation
8	Natural hazards	Volcanoes: comparing
9	Natural hazards	Extreme weather: mapping
10	Natural hazards	Extreme weather: tropical storms
11	Natural hazards	Wildfires: causes
12	Natural hazards	Wildfires: DME
13	Population	Population introduction and growth
14	Population	Changing populations
15	Population	Population pyramids
16	Population	China's 1 child policy
17	Population	Migration: Stacey Dooley
18	Population	Migration: challenges and opportunities
19	Population	Summative 1 revision

Year 8		
	Theme	Teaching
20	Population	Global population distribution
21	Population	What are megacities?
22	Population	Megacities: opportunities and challenges
23	Development and globalisation	Graphing development
24	Development and globalisation	Are you developed, or developing in?
25	Development and globalisation	Why are we having fewer children in the UK
26	Development and globalisation	Types of industry
27	Development and globalisation	Changing UK employment structure
28	Development and globalisation	Water: the issues
29	Development and globalisation	What is globalisation?
30	Development and globalisation	You as a global citizen
31	Development and globalisation	How do iPhones impact the world?
32	Development and globalisation	Problems with sweatshops
33	Development and globalisation	Improving sweatshops
34	Development and globalisation	Fashion factories
35	Development and globalisation	Summative 2 revision
36	Development and globalisation	Becoming more sustainable
37	Development and globalisation	Trade game
38	Rollover	Why did Russia plant a flag on the Arctic Sea bed?
39	Rollover	Why did Russia plant a flag on the Arctic Sea bed?

Subject: Geography

Year 9		
	Theme	Teaching
1	Energy and climate change	Using our planet as a natural resource
2	Energy and climate change	Why are we so dependent on oil?
3	Energy and climate change	How clear is electricity?
4	Energy and climate change	Why is climate change such a big deal?
5	Energy and climate change	How am I contributing to climate change?
6	Energy and climate change	Effects of climate change
7	Energy and climate change	Managing climate change
8	Energy and climate change	Future of our planet
9	Energy and climate change	Why is climate change such a big deal?
10	Geography assessment	Geography assessment
11	DME - rainforests	DME - rainforests
12	DME - rainforests	DME - rainforests
13	DME - rainforests	DME - rainforests
14	Y9 fieldwork	Creating an enquiry
15	Y9 fieldwork	Risk assessment
16	Y9 fieldwork	Fieldwork lesson
17	Y9 fieldwork	Presenting our data
18	Y9 fieldwork	Analysing our study
19	Middle East	What is the Middle East?

Year 9		
	Theme	Teaching
20	Middle East	The Middle East's diverse population
21	Middle East	Why is the Middle East so important?
22	Middle East	UAE: Dubai
23	Middle East	Yemen
24	Middle East	Future of the Middle East
25	Middle East	What's happening in Syria?
26	Paper 2: Urban issues and challenges	Global patterns of urban change
27	Paper 2: Urban issues and challenges	Social and economic opportunities in NEEs
28	Paper 2: Urban issues and challenges	Challenges in NEEs
29	Paper 2: Urban issues and challenges	Urban planning scheme: success or failure
30	Paper 2: Urban issues and challenges	Urban change opportunities in London
31	Paper 2: Urban issues and challenges	Urban change challenges in London
32	Paper 2: Urban issues and challenges	Urban regeneration in London
33	Paper 2: Urban issues and challenges	Sustainable urban living
34	Paper 1: River landscapes	River profiles and fluvial processes
35	Paper 1: River landscapes	Landforms along the course of a river
36	Paper 1: River landscapes	Causes of flooding
37	Paper 1: River landscapes	River management strategies
38	Paper 1: River landscapes	River management conflict
39	Geography assessment	Geography assessment
