FW: Active Travel 10 Day Challenge

----- Original Message: -----

Dear Parent/ Carer

At Horizon Community College we are keen to promote active and safe travel to school. Walking to and from school makes the local community a safer place for everyone and it can also have huge benefits for health and well-being. In November 2021 we achieved the Modeshift Stars Bronze Award. Modeshift Stars is a national award that recognises excellence in promoting active and sustainable travel to support children's health and wellbeing and to protect the environment.

As a college we have entered South Yorkshire's Active Travel 10 Day Challenge which will see school children and families from across the region get more active!

Our challenge to Year 7 and Year 8 students is to use more active ways of transport and travel to college from 14th to 25th of March 2022. Students will be given a challenge card during form period and those who complete the online survey and record their mode of travel will be entered in a prize draw to celebrate their success.

Thank you
Miss Anyon
Assistant Principal- Personal Development
