Sample Student (Year 1, Samples)

FW: Bedrock Learning

----- Original Message: -----

Dear Parent/Carer,

I am delighted to inform you of an exciting new home learning package available for all Y8 students. From today onwards, in English, your son/daughter will complete their home learning via an online platform called Bedrock Learning.

We have invested in Bedrock learning as it is designed to develop vocabulary and teaches students the language they need to be successful in school. They have already completed an activity in school, which places them at their personalised starting point. Students will now be expected to work through lessons at home. Each lesson should take approximately 20 minutes and it is fundamental that they complete two lessons a week, ideally on a Monday and a Thursday. Research shows that by approaching lessons this way, their vocabulary will improve, and this will enable them to recall words automatically when the need arises. This will be set and monitored by English teachers each week.

We really want to share as much information with you as possible about your child's progress on Bedrock. Following this email, you will receive a letter explaining how you can log into Bedrock to view the words your child is learning and their progress each week.

If you have any questions, please don't hesitate to get in touch.

Many thanks,

Miss Cross

Leader of the Reading Strategy
